### **Christ, The Light of the World:**

We have always known that the Christ who dwelt in Jesus was sent to this planet to be the Light of the World. But what most Christians and opponents of Christianity fail to recognize is that Master Jesus was sent to Teach us the Way To the Light. This light is both the energy of the Father, who is the Alpha and Omega, who is the Universe and all things in it; and it is the path to Ascension itself.

### **What is Being in the Light of Christ?**

To be 'in Light' and to choose 'the light' is, practically speaking, being Enlightened. The process is first and foremost one of 'choice', the entrance onto that path of Light is the straight and narrow gait that is mentioned in scripture. Christ is the Light of the World, but so are all of us, once we have chosen.

This path of Light is an ancient one. From time immemorial 'seekers' of the 'truth' have sought the way that leads to unitive consciousness; that is, mergence with the Divine. When, in a given lifetime, they become awake to the knowledge that the God within is no different than the God without, the process begins. When the aspirant places his/her feet on the path, the doors of awakening to the deeper knowledge of creation flow emotionally, mindfully and physically through the body/soul. It's as though one's Soul becomes aware that it is now in the forefront of consciousness and the ego-self no longer distracts, deludes, or diminishes the soulfulness of enlightened experiences.

**Reflection:**

The more one ponders (literally contemplates) upon these truths, the more one realizes the enormity of the Divine plan for humankind. The more one dwells in this certainty, giving up doubt, self-absorption and clinging to the false reality of this world, the more the inner eye is opened and the I-AM individuated-God consciousness takes center place in one's life.

**It's happening all over the world:**

The new prophets of this Age, who are collectively known as channels are bringing down this knowledge, as the time has come that we all are invited to the path of liberation, the Light of Ascension that is our destiny. Everywhere there are clues for those who have eyes to see and ears to hear, for those who are ready for the New Jerusalem, the New City of Light upon the hill.

**Mike Quinsey, A Channel in the UK:**

One of the finest channels I know is Mike Quinsey, who has been channeling Ascended Masters/Teachers and other beings of Light for quite a while now. One of my favorite transmissions is from SaLuSa of Sirius. I like SaLuSa's messages because they mirror what I've been feeling for quite a while in my own inner soul-awareness. Here is a sample from one of his latest transmissions:

"This is to be a year when the paths of the Light and dark become clearly defined. People will be faced with some soul searching as to which way to go, and it will be a decision that will determine whether they move towards Ascension. It is not that it will be the last chance, but as time progresses there is less likelihood that people will have a change of heart. If you are undecided now, we would suggest you try to sever your emotional links with the problems that presently beset Man.

Know that there is Light at the end of the tunnel, and it is beginning to emerge at an ever-increasing pace. ... The old mindset and ego directed life will prove unsatisfactory for your desire to rise above them and your focus will change to the way of Light and Love. It is not so difficult to move into a new mode, and your incentive is the Golden Age that now beckons. Clearly you cannot set foot on that path unless you put in the effort, but as you have been informed already, once you have expressed the intent you will be given guidance. That is partly why we are here making ourselves known through various channels. ... For over a century the amount of Light being brought to bear on you has increased tenfold, and has been instrumental in lifting many of you up. This is in accordance with the Divine Plan to release you from the lower vibrations, and end the cycle whilst giving every soul the opportunity to rise up” (SaLuSa transmitted through Mike Quinsey, Feb. 18-20, 2009).

And:

“It helps your spiritual progress if you can accept that you live an illusory life, that is far removed from your true reality. Duality is the result of lowering your vibrations and dropping into the denser realms, where your consciousness becomes dimmed. Although still of the Light you find it difficult to create, but nevertheless you do attract to yourselves that which you envision and desire. In the lower levels there are also influences that encourage you to think of yourself as separated from your Higher Self. As a result, for many their Light becomes diffused and they come to believe they suffer from lack, and are cut off from God. However, once you realize that you can never lose that link, you can make your own way back by creating a pathway to the Light. Teachers can help with their guidance, but it is up to you to decide exactly how you bring yourself back into it. ... Whatever happens, you will continue to move more onto the path of Light with the result that Ascension is assured. It has been so decreed. and to that end we too are supported by great Beings of Light that dwell in the realms of pure Light” (SaLuSa transmitted through Mike Quinsey, March 16-18, 2009).

**Rev. AliceAnn’s Calling:**

My gift from the Father as a Vicar of Christ is to ‘help people’ bridge their traditional understanding or view of Christian belief into a new realization of the path of Christ Consciousness that we are all heirs to. But, more importantly it is up to each and every soul upon this earth to choose their own soul’s journey,

to embrace their true spiritual nature and to become the Light of the World that Master Jesus was and is. We are all One with the Father, and He will lead us Home, if only we will wake to the truth that lies within us – one and all.

In the Light and Love of the Father,
